WORK EXPERIENCE

Jan 2026 – CURRENT.

Panorama Interior Design

London, UK Senior

Senior CAD Technician / Project Manager

- Delivering end-to-end project designs from 3D concept to detailed 2D technical drawings for high-end residential projects.
- Implementing Revit as the primary technical drawing platform, including supporting restructuring internal management processes, training and upscaling the team.
- Carrying out site visits along with technical reports during the pre-construction phase.

May 2020 - Sept 2024

Clarissa Araripe Architecture and Interior Design

Salvador, Bahia, Brazil

Owner/ Senior Architectural Designer

- Successfully managed 17+ high-end residential projects valued up to R\$1.2M (~£170K), from concept to delivery.
- Reduced revisions by 25%, increasing confidence in project delivery through expertise in delivering detailed 2D technical drawings, 3D photorealistic visualisations that support design concept, clients' presentations and site teams.
- Functioned as primary liaison with clients, suppliers, contractors and collaborated with multidisciplinary teams.
- In-depth knowledge of FF&E schedules and specifications, experience in bespoke furniture and cabinetry interior design projects.
- Managed business operations, including client acquisition, budgeting, and scheduling.
- Achieved a 70% client conversion rate via social media strategy, growing an audience by 2,5k followers in 3 years.
- Conducted site visits to support construction teams and project compliance, leading to a customer success rate of 80%
- Partnered on an international residential interior design project, coordinating effectively to ensure high standards of international requirements.

August 2020 -Jan 2023

Bárbara Barbi Architecture and Interior Design

Belo Horizonte, MG, Brazil

External architectural designer collaborator (remote job)

- Delivered end-to-end project designs from 3D concept to detailed technical drawings for high-end residential projects.

- Led design team, achieving precise, high-quality outputs across all project phases.
- Reducing revisions by 15% through team mentoring to improve technical documentation, project workflow, and 3D visualisation.
- Collaborated with multidisciplinary teams to ensure project compliance.

June 25- Oct. 2025

Brunel University of London

London, UK

Games Research Assistant (Summer research project)

- Collaborated on a multinational and multidisciplinary research project, working with 3 research staff.
- Leveraged design sprints and technical documentation to streamline project delivery.
- Produced an in-depth literature review and co-authored a research article, exploring design methods with indigenous communities in educational games, developing critical analysis, structured documentation and client engagement.
- Applied research insights to conceptual design, informing evidence-based decisions that improved design accuracy and workflow efficiency, resulting in deeper engagement with indigenous communities around game design.

Dec. 24- Oct. 2025

Brunel University of London

London, UK

Student Ambassador Events & Recruitment

- Collaborated with the marketing team to produce social media content, contributing to videos and posts that reached 5k+ prospective students.
- Supported website chat enquiries, responding with personalised support to 40+ prospective students with a 95% satisfaction rate.
- Represented the university during campus tours and recruitment events, providing guidance that enhanced prospective student engagement.
